For any patient of any payer, including Medicare, you should only order those tests that are medically necessary for the diagnosis and treatment of the patient. Tests ordered for all billing types other than Account Bill require ICD-10 codes. For information on reflex tests (additional charges apply) and panel components, turn to the back of this requisition. Any panel component may be ordered separately.

This information is required to receive a medMATCH™ report. Choose either the generic or trade name, not both.		Individual Drugs	Screen w/o medMATCH	Screen & Confirm w/medMATCH	Quant/Confirm Testing w/o medMATCH
